positioning content with   flexbox   displays

Mike Schutte   3/20/17   tmikeschu.co   @tmikeschu

1. About me
2. Orienting questions
3. Thinking/seeing in flex
4. Practice
5. Wrap up

MY BACKGROUND

Enviro Science → Sociology → Software Development
API's, db architecture, back-endy stuff
runner, reader, writer, thinker, musician

QUESTIONS TO ASK WHEN POSITIONING CONTENT

which items belong in a container together?
column or row?
width of container?
width(s) of items?
spacing of items?
relative alignment of items?

HEADER

HIPSTER IPSUM

Everyday carry authentic pitchfork flannel gochujang williamsburg. Tattooed craft beer coloring book kitsch air plant, listicle drinking vinegar biodiesel post-ironic +1 VHS flannel. Meh before they sold out ramps leggings chicharrones quinoa glossier, pabst jean shorts farm-to-table cliche hashtag vegan af flexitarian. Kogi snackwave master cleanse, affogato austin pork belly heirloom bicycle rights la croix brooklyn williamsburg echo park freegan. Keffiyeh etsy street art man braid, fap fam retro. Ugh bespoke single-origin coffee jianbing four loko, locavore truffaut portland cred readymade edison bulb keytar sustainable mustache bushwick. Pork belly aesthetic +1, hashtag meh wayfarers keytar.

```
display: flex;
width: 100%;
flex-direction: row;
flex-wrap: nowrap;
justify-content: space-between;
align-items: space-between;
```

LET'S MAKE A NAVBAR!

Closing thoughts

OO styling with containers and displayers

THANK YOU!

get out there and
